MEN OF 18 TO 45 CLASS DRAWN IN FATE'S LOTTERY

NUMBER 322, FIRST CALLED,
GETS FOUR LOCAL MEN.

Order for Next Call—Today's
Drawing Fixes 118
Men Here.

The die is cast. One hundred names of registrants between the ages of 18 and 45 have been drawn from the box of fate, determining their order of call for the new draft army soon to be sent over to defeat the Hun. Of the first 100 capsules drawn, only a comparatively few applied to Hamilton county, other numbers ranging higher than the number of registrants here. City board No. 2, having the largest roster, has thirty-six men on this list.

The numbers were drawn in capsules containing ten numbers, the highest number being 13,000 in order that serial numbers represented in even the largest boards might be represented in the lottery. There was not one serial number in the Chattanooga boards higher than 4,759.

The first number to be drawn was 322. This number was represented here by the following men: Samuel O. Corvin, 519 Pleasant street, city board No. 1; Arthur Thomas Nolan, 504 Cowart street, city board No. 2; Valvin Taylor Ledford, Bakewell, county board No. 1, and Lones Archie Boss, 3609 Avenue O, East Lake, county board No. 2.

City Board No. 1.
No. 1—322—Samuel O. Corvin, 519 Pleasant street.

FAVORABLE REPORT ON OGLETHORPE IS MADE

PROJECT INCLUDES THE RE-
BUILDING BOULEVARD.

Efforts of Judge Moon Show
Expansion of Oglethorpe to
Be Imminent.

The project of enlarging Fort Oglethorpe and Camp Greenleaf, according to correspondence passing between Judge John A. Moon, members of the railroad administration and army officers, embraces also the long-hoped-for rebuilding of the Rossville boulevard to the state line.

Judge Moon seems to have been particularly active in the matter and has obtained the assurance that the railroad administration has advised the war industries board that no transpor-
tation or operation difficulties are in the way of the expansion, including the boulevard rebuilding.

Another letter to Judge Moon from Brig. Gen. F. V. Abbott, of the en-
gineers, under date of Sept. 26, carries the definite statement that the space at Camp Forrest will be kept as nearly full as the available supply of men will permit.

But perhaps the most important statement of all is contained in a letter from Brig. Gen. R. C. Marshall, chief of construction division, in which it is stated that the availability of the land necessary for the expansion has been favorably reported on.

The letter follows:

"Sept. 25, 1918.

"Hon. John A. Moon, House of Repre-
sentatives, Washington, D. C.

"My Dear Sir—I have the honor to ac-
knowledge receipt of your letter of Sept. 19 enclosing telegrams from the Chat-
tanooga Chamber of Commerce and from T. C. Thompson, relative to the enlarge-
ment of Chickamauga park.

"Request has been made by this office to the war industries board for clearance papers on the project involving construc-
tion of a 10,000-man camp at Camp Greenleaf, Chickamauga park, Georgia. These papers left this office Sept. 12. Re-
quest to the director of operations for the approval of the secretary of war for the expenditure of the funds necessary has been prepared and is awaiting the receipt of clearance papers to be at-
tached, so that it can be forwarded and the approval obtained.

"The real estate section, purchase and supply branch of the office of the director of purchases and supplies has reported favorably as to the availability of the land necessary for the camp. If the project receives the approval of the assistant secretary of war, the necessary action looking toward the acquisition of the land involved in the construction of this project will be taken through the office of the real estate section mentioned above.

"This matter has, as can be seen, re-
ceived the attention of this office, and is being pushed now as fast as possible. It is simply a question of the action of higher authority on the proposition, and the clearance papers are expected daily.

"Very respectfully,

"R. C. MARSHALL, JR.,
"Brigadier-General, U. S. A., Chief of
Construction Division."

HEBBS MURDER CASE

IS AGAIN CONTINUED

CRIME OCCURRED SEVERAL
YEARS AGO.

Judge Bright Fines Automobile
Offenders and Reminds
Them to Be Careful.

The case of Will Hebbes, colored,
charged with a murder which occurred
several years ago, has again been con-
tinued in police court. He is accused of
killing Will Nichols in a difficulty in a
saloon. Nichols died from knife
wounds. Hebbes was recently surrendered
at police headquarters by his attorney,
Henson Schofield, and is under a bond
of \$3,000. Following the killing he left
the city. A short time ago he wrote
Attorney Schofield and asked him to
represent him. He then made his ap-
pearance. The case has been continued
two or three times, as the matter of
working up evidence has been difficult.
It is understood that there is only one
actual eye-witness to the killing, another
witness having died.

The continuance of Monday morning
was asked for by Atty.-Gen. George W.
Chamlee on the ground that other mat-
ters have prevented him from making an
investigation.

Acting Judge Jephtha Bright disposed
of the light week-end docket within a
short time. There were a number of
violators of the automobile ordinance,
and Judge Bright, announcing his policy
that they should be dealt with just like
anybody else, proceeding to fine them.

Lon Scales, colored, before the court,
charged with being a slacker, was held
until his case could be further investi-
gated. It was stated to the court that
